Commercial Services is one of the largest trading organisations of its kind in Europe with a turnover in excess of 600 000 000 GBP and employing over 700 people from its base in Kent. Tracing its roots back to 1902, as an education stores department for Kent County Council, Commercial Services has subsequently grown organically to supply an ever-increasing range of best value goods and services to other publicly funded organisations. These include local government, education establishments, the care sector and the emergency services. KCS Professional Services, is a trading unit of Commercial Services and provides a purchasing, warehousing and distribution service to a wide ranging customer base within local government and associated public bodies in Kent, neighbouring counties and across the UK. The Central Buying Consortium (CBC) is a group of County, Borough and City Councils. The purpose of which is to improve the effectiveness, by co-ordination, of local authority purchasing with the object of effecting savings in public expenditure for the benefit of its members. CBC procures approximately 750 000 000 GBP goods and services per annum. In accordance with best procurement practice, EU and UK Procurement Directives and Regulations, Kent County Council via KCS Professional Services has created a Framework Agreement (the Agreement) for the supply and delivery of Interactive Audio Visual, IT Hardware Solutions and Consultancy.
